To Renew Alliant SPSS v19 Software License(s), Do the Following:

- Annually, in July, faculty can expect to receive an e-mail from Alliant Information Technology that will contain the code necessary to renew your IBM SPSS product license(s).

- If you did not receive or retain that information, e-mail a request for "SPSS Authorization Code" to helpdesk@alliant.edu.

- License codes are unique to IBM SPSS versions, so it is important that you use the proper code to update your license. If you try to apply a license code and receive an error, first make sure that the version indicated in the license code e-mail matches the version of SPSS that you are running.

- If you are not currently running IBM SPSS v19, contact your campus IT Coordinator or the Information Technology Helpdesk at helpdesk@alliant.edu phone 858-635-4357.

Running the SPSS License Authorization Wizard

NOTE: In order to run the License Authorization Wizard, you must be connected to the Internet.
