To Renew AMOS v17 Software License(s), Do the Following:

- Annually, around mid-July, faculty can expect to receive an e-mail from Learning Technology (ltech@alliant.edu) that will contain the codes necessary to renew your AMOS product license.
- If you did not receive or retain that information, e-mail a request for “AMOS Authorization Code” to ltech@alliant.edu.
- License codes are unique to AMOS versions, so it is important that you use the proper code to update your license. If you try to apply a license code and receive an error, first make sure that the version indicated in the license code e-mail matches the version of AMOS that you are running.
- If you are not currently running AMOS v17, contact your campus IT Coordinator or the Information Technology Helpdesk at 858-635-4357, option 8 or email helpdesk@alliant.edu.

Running the AMOS License Authorization Wizard

---

**NOTE:** In order to run the License Authorization Wizard, you must be connected to the Internet. Any firewall software must either be temporarily disabled or directed to allow Internet connections from the Wizard. After authorization, you do not need to be connected to the Internet to run AMOS for Windows.

---

**STEP 1:**
Find the **AMOS License Authorization Wizard** at:
Start / All Programs / SPSS Inc. / AMOS 17.0
Select **AMOS 17 License Authorization Wizard**
STEP 2:
Your current AMOS License Status will be displayed. Select Next.

![License Status](image)

You are currently licensed for the following:

License information for Amos 17.0 installed in C:\Program Files\SPSSInc\Amos 17.0
Feature 9005 - AMOS 7:
Local license for version 17.0
Expires on: 01-Jul-2010 - WARNING: license has expired and will soon be unusable.

Next > Cancel

STEP 3:
The Product Authorization options will be displayed. Verify that the License my product now option is selected (if it is not, please select it) Select Next.

![Product Authorization](image)

Select one of the following:

- License my product now
  Select this option to enter code(s) you received from SPSS Inc. You should have received an authorization code and/or a license code.

  Example codes

- Enable a temporary trial period
  Please license your product as soon as possible. When the trial period is over the software will not run.

Lock Code for this machine is: 100-240B9

Next > Cancel
STEP 4:
The **Enter Codes** screen will be displayed. Copy and Paste in the **Enter Code** box, the AMOS v17 authorization code from the e-mail that you received in mid-July of the current academic year. Select **Next**.
